Subject: **City of Oceanside's Request for Time Extension**

Dear Ms. Vargas:

Enclosed is the completed application for the SB1066 Time Extension for the City of Oceanside.

I can be reached at (760) 435-5021 if there are any questions. I appreciate all of the assistance you have given me in the completion of this application (6 pages in application form).

Sincerely,

Ester Beatty
Senior Management Analyst

To request a Time Extension (TE) or Alternative Diversion Requirement (ADR), please complete and sign this form and return it to your Office of Local Assistance (OLA) representative at the address below, along with any additional information requested by OLA staff. When all documentation has been received, your OLA representative will work with you to prepare for your appearance before the Board. If you have any questions about this process, please call (916) 341-6199 to be connected to your OLA representative.

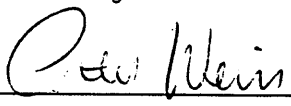

Mail completed documents to:

California Integrated Waste Management Board
Office of Local Assistance, (MS 25)
1001 I Street
PO Box 4025
Sacramento CA 95812-4025

General Instructions:

For a Time Extension complete Sections I, II, III-A, IV-A, and V.

For an Alternative Diversion Requirement complete Sections I, II, III-B, IV-B and V.

Section I: Jurisdiction Information and Certification <i>All respondents must complete this section.</i>			
I certify under penalty of perjury that the information in this document is true and correct to the best of my knowledge, and that I am authorized to make this certification on behalf of:			
Jurisdiction Name City of Oceanside		County San Diego County	
Authorized Signature 		Title Public Works Director	
Type/Print Name of Person Signing Peter Weiss	Date 12/28/01		Phone (760) 435-5021
Person Completing This Form (please print or type) Ester Beatty 		Title Senior Management Analyst Public Works Department	
Phone (760) 435-5021	E-mail Address ebeatty@ci.oceanside.ca.us		Fax (760) 435-5027
Mailing Address 300 N. Coast Hwy	City Oceanside	State CA	ZIP Code 92054

This cover sheet is to be completed for each Time Extension (TE) or Alternative Diversion Requirement (ADR) requested.

1. Eligibility

Has your jurisdiction filed its Source Reduction and Recycling Element, Household Hazardous Waste Element, and Nondisposal Facility Element with the Board (must have been filed by July 1, 1998 if you are requesting an ADR)?

☐ No. If no, stop; not eligible for a TE or ADR.

☒ Yes. If yes, then eligible for a TE or ADR.

2. Specific Request and Length of Request

Please specify the request desired.

☒ Time Extension Request

Specific years requested 2001-2004

Is this a second request? ☒ No ☐ Yes Specific years requested.
(Note: Requests for an additional extension will need to address why the jurisdiction's efforts to meet the 50% goal by the end of the first extension were not successful.)

☐ Alternative Diversion Requirement Request (*Not allowed for Regional Agencies*).

Specific ADR requested %, for the years .

Is this a second ADR request? ☐ No ☐ Yes Specific ADR requested %, for the years .

(Note: Requests for an additional ADR will need to address why the jurisdiction's efforts to meet 50% by the end of the first ADR period were not successful.)

Note: Extensions may be requested anytime by a jurisdiction, but will only be effective in the years from January 1, 2000 to January 1, 2006. An original request for a TE/ADR may be granted for any period up to three years and subsequent requests for TE/ADR may extend the original request or be based on new circumstances but the total number of years for all requests cannot total more than five years or extend beyond January 1, 2006.

Section IIIA – TIME EXTENSION

- 1. Why does your jurisdiction need more time to meet the 50% goal? Describe why SRRE selected programs did not achieve 50% diversion. Identify barriers to meeting the 50% goal and briefly indicate how they will be overcome.**

A. Multi-unit Recycling; Commercial and Industrial Recycling; C & D (construction and demolition) program; education/outreach programs; implementing enforcement and compliance techniques while utilizing City mandatory recycling ordinances are identified programs the City must work to improve. The multi-unit, commercial and industrial recycling programs are not currently effective. The City has a fluid population base with a large number of turnovers in population. Recycling programs remain in flux. The City has over seven miles of beach and harbor recreational parklands, which contributes, to the disposal tonnage along with the constant turnover of visiting guests. The Marine Corp base, Camp Pendleton has a resident population of over 35,000 active duty personnel and over 68,000 dependents. This fluid population group impacts the success of implemented recycling programs, causing a constant need to educate/re-supply and set up challenges for City staff and the contract waste hauler.

The City is hiring a consultant in 2002 to audit solid waste and recycling current programs; to improve services; create site specific recycling collection methods and enhance education/outreach programs. Voluntary compliance is not working, code enforcement of the current City recycling ordinance and public outreach programs will need to be implemented.

- 2. Why does your jurisdiction need the amount of time requested? Describe any relevant circumstances in the jurisdiction that contribute to the need for a Time Extension.**

A. Growth in the population along with the turn over; construction and the need to re-establish multi-unit recycling programs and to implement commercial and industrial recycling are major relevant circumstances the City's facing. To set up and implement such programs using input from the consultant will require at least 12 to 18 months. The transfer of code enforcement responsibilities within the City requires the training of City staff to assure success. The business license renewal process with a requirement to subscribe to a waste audit and subscription to some type of recycling program will take 18 to 24 months to implement.

- 3. Describe your jurisdiction's Good Faith Efforts to implement the programs in its SRRE.**

A. The City provides residential, commercial, green waste, HHW, and educational programs for the ratepayers. The waste contractor assists the City with recycling fairs, community outreach programs, school training programs and public information announcements. The City sponsors a beverage-recycling program, "Cash for Cans" and has produced an educational video with the expertise of the local cable channel (KOCT). City utility bill inserts are mailed out with recycling information. A City quarterly magazine is mailed out to approximately 60,000 units containing recycling, composting and HHW information in each publication. The City is listed in the 1-800-CLEANUP hotline phone listing. A web page with recycling and pollution prevention is being developed and will be available via the Internet for interested parties. Oceanside has an award winning compost facility with over 68,663.940 tons collected curbside and through self-haul.

4. Provide any additional relevant information that supports the request.

A. Representatives from the CIWMB met with City staff on November 8, 2001 to review the City AB939 Solid Waste/Recycling Programs. The City has an admirable program with higher percentages in past years, 49% in 1998, currently at 46%. The previously listed reasons which contribute to the 1066 extension request will require additional time to implement. Re-establishing multi-unit recycling, innovative industrial and commercial programs will need to be applied and essential for future success. The 39,000 single-family units will also be considered in the re-education and out reach programs to assist in diversion. Additionally, diversion tonnage recorded by the City by commercial enterprises totaled an additional 2,428.39 tons and was not considered in the annual report (attached).

Section IV A—PLAN OF CORRECTION

A Plan of Correction is required by PRC Section 41820(a)(6)(B). The plan is fundamentally a description of the actions the jurisdiction will take to meet the 50% goal by the expiration of the Time Extension.

Attach additional sheets if necessary.

Residential %		46	Non-residential %		54
